**\*No Bids will be considered that are not sealed.**

**\*No electronic, facsimile, or phone proposals will be considered.**

The sealed proposals will be opened and read aloud at the February 27, 2019 Board Meeting, beginning at 6:00pm CST. Bids will be reviewed and awarded at a later date. No bidder may withdraw their bid for a period of sixty (60) days after the date and time set for bid opening. The District reserves the right to accept the bid which it deems to be in the District's best interest,

and will not necessarily be bound to accept the lowest bid. The District also reserves the right to extend the time to open bids.

The Fenton Fire Protection District hereby notifies all bidders that it will affirmatively insure that any contract entered into pursuant to this advertisement, minority business entities will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for award.

**Complete proposals may be obtained at the District's Administrative Offices located at 845 Gregory Lane, Fenton, Missouri, between 8:00am and 4:00pm CST Monday through Friday. Complete specifications may also be obtained from the District's website: [www.fentonfire.org](http://www.fentonfire.org) (Under Site Menu – Administration – Bid Requests), or by contacting Deputy Chief Chris McCarthy at 636-343-4188 Ext. 137, or by email at [cmccarthy@fentonfire.org](mailto:cmccarthy@fentonfire.org).**

#### **DISCLAIMERS AND RESERVATIONS:**

The Fenton Fire Protection District of St. Louis County is a political subdivision of the state of Missouri, and, as such, has exemption from Missouri State Sales Tax and from United States Excise Taxes. Exemption certificates can be supplied accordingly. This should be considered in making bids.

The district reserves the right to award bids on the basis of best price alone, or on the basis of best utility for the district's special needs for service, or on a combination of both, as the Board of Directors may determine in their final judgment. The district also reserves the right to consider any bidder's additions or variations, made as above mentioned, in awarding the bid, even though such addition or variation may not be stated in the specifications.

The district reserves the right to reject any and all bids and to compare all bids received to bids already bid and received by the State of Missouri and its subdivisions, departments and any political subdivision in determining the lowest and best bid.

The district further reserves the right to reject all bids and the other rights mentioned in the notice to bidders.

Nothing in these specifications is intended to prevent a bidder from suggesting additional or different items which the bidder feels will be more suitable to the uses intended by the district for the unit, or more economical to the district for equal use. However, where such a suggestion represents a variation from these specifications (which is permitted) the suggestion must be

itemized, separately, as an alternate bid, with a sufficient explanation of the recommendation that the district may understand the bidder's point in making the recommendation, and that the district will have adequate information to compare the suggestion to the original specifications.

As a part of the bid, every bid should include the delivery time for the unit. In the discretion of the district, time of delivery may be a factor in determination of award.

It is a condition of every bid that the equipment bid on be warranted, and the applicable warranties should be specifically stated in the bid.

The place of delivery, for the price stated in the bid, must be specifically stated. If that place is anywhere else than the fire district's administrative office, then the bid must also state what additional cost, if any there will be for transportation of the equipment from the place of delivery to the district's administrative office and upon what terms and methods and arrangements.

All factory stock items for the item bid upon are considered as included in these specifications and to be included in the item, even if not specifically mentioned herein, except only to the extent that some particular specification or specifications herein require replacement of the stock item with an item herein specified.

If a bidder desires to list any exception to any specification herein, the bidder must state that exception clearly and specifically in the bid, to the extent that no exceptions are taken by the bidder, the bidder thereby agrees that the bid is in complete compliance with these specifications, the bidder must also state that exception in the same manner as above stated for any additional recommendation or suggestion, including price effect thereon.

Each bidder shall provide proof that they are enrolled and participate in E-verify as required or recommended by either State or Federal Statute.

Every bid must include the following ***BID PROPOSAL FORM*** and be received at the administrative office of the Fenton Fire Protection District of St. Louis County, 845 Gregory Lane, Fenton, Missouri 63026, no later than **4:00 p.m. on Wednesday, February 27, 2019.**
